

Learn to Read Game: Sight Words

Get ready to have fun while learning to read!

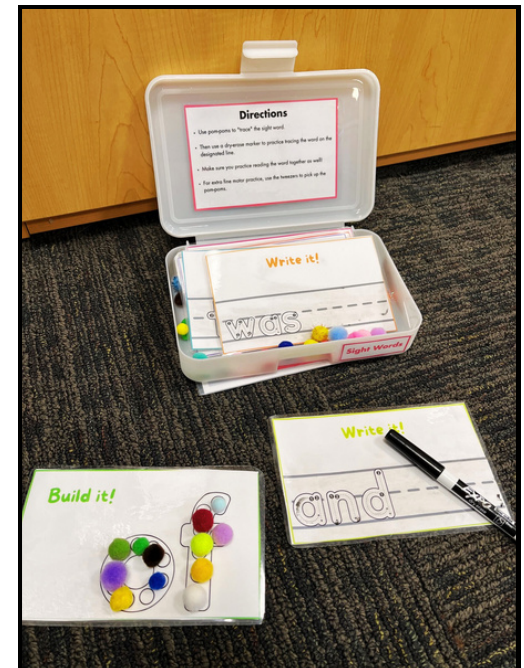

This game is part of a series developed to practice beginning reading skills. Adults, be sure to read through the directions and information before playing together. It will give you lots of tips to enhance learning!

Included in this file are all of the directions you will need to create this learning game. It is formatted to fit on a plastic pencil case like you might find at the dollar store, but an envelope works well too.

You will need: a dry erase marker, laminator, and small pom poms (or other small pieces).

Steps:

1. Print out all pages single-sided and cut out all boxes on outer lines.
2. Laminate items, affix labels to box. You may choose to laminate similar words back to back.
3. Put directions, info page, and other materials into your box or envelope.
4. Have lots of fun!

Sight Words

Sight word tip

There are several different lists that schools/teachers may use for sight words.

A few examples may be:

- Dolch Sight Words
- Fry Sight Words
- Foundations Trick Word lists

There are many overlaps between each of these lists, but check with your school to see which list they use!

Sight words are commonly used words that young children are encouraged to memorize since they are smaller words and mostly do not follow regular phonics patterns.

You may also hear these words called high frequency words or trick words.

Directions

- Use pom-poms to "trace" the sight word.
- Then use a dry-erase marker to practice tracing the word on the designated line.
- Make sure you practice reading the word together as well!
- For extra fine motor practice, use the tweezers to pick up the pom-poms.
